

Hi, my name is Kaili. I'm giving you a call from Lunch Box Express catering company. We're a local caterer in Sacramento. I was wondering if your office orders catering?

IF YES: Can I speak with the person who orders catering for your office? (Re-introduce yourself and the company when connected if it's a different person. Ask if they a few minutes to talk about catering. If yes, continue to the questions below. )

Questions:

- How often?
- What types of events do you order catering for? Meetings? Seminars?
- What type of catering do you typically order?
- Can I send you some information about our catering company?

IF NO: Thanks for your time, have a great day.
